WORK EXPERIENCE

Cisco Sep 2014 - Present

Interaction Designer @Cisco Spark UX

- Defined part of information architecture for Spark web, mobile and desktop clients.
- Led the Interaction design of Spark Room revamp.
- Led the Interaction design of Mobile and Web onboarding of Spark.
- As part of Usability Testing core team, conducted usability testing and light weight user research to fit in agile development environment.

EDUCATION

Carnegie Mellon University Aug 2013 - Aug 2014

Major: Human Computer Interaction

Degree: Master of Human Computer Interaction

PROJECTS

ECHO by SORA team - Boeing 737 Production Jan 2014 - Aug 2014

Master Of Human Computer Interaction Capstone Project (Team Project)

My Contribution: User Research, Prototyping, Client Presentation Video Production

- 90 accumulated hours of on-site UCD research with 73 factory employees.
- Over 850 Data Points (Post-Its).
- Over 100 design ideas and 5 diverging and converging iterations.

Mobile App Design Jan 2014 - Feb 2014

Interaction Design Studio Project (Team Project)

My Contribution: User Research, UI Design

- Interviewed 12 in-store shoppers and 1 subject matter expert.
- Created personas and scenarios based on research findings.
- Collaborated navigational map on whiteboard and built wireframes in Balsamiq.
- Built hi-fi screens in Illustrator and added animation in Axure RP.

Water Plant Information System Sep 2012 - Dec 2012

Course Project (Team Project)

My Contribution: User Research, UI Design

- Identified problem and user needs through field interviews and observations.
- Iterated from lo-fi prototyping to hi-fi prototyping to explore and test different designs, delivered a customized working system that satisfies client's core needs.

SKILLS

User Centered Design

Contextual Inquiry
Think Aloud
Information Architecture
Heuristic Evaluation
Usability Testing
Persona
Storyboarding
Task Analysis

User Interface

Information Architecture
UI Patterns
Wireframing
Rapid Prototyping

Visual & Motion

Sketch App
Illustrator
After Effects
Pixate
Framer.JS
Origami

Programming

HTML5
CSS3
Javascript

Sketching

Ideation
Visual Thinking
Visual Notes

INTERESTS

Guitar & Drums
CG & Animation
Motion Graphics
Sketching
Skateboarding
